CORONA RELIEF REPORT

Our country, indeed, the whole world is presently plunged into what has come to be known as "COVID-19" pandemic. The crisis, in its scale and severity has spared virtually none and badly affected life and livelihood of a vast majority of people in our district, as well. With the imposition of Lock-down, all economic activities are shut down and people who are mostly daily wage earners are thrown out of employment of any kind. With no money, no food and no movement allowed, there is indescribable pain and suffering for people in all villages there.

We are moved to tears to see the plight and take the pledge to serve with all our might and in every way possible. Our financial resources are woefully inadequate but we do all we can and make up our financial weakness with service in other ways, like encouraging, arranging and donating blood ourselves, making fervent appeal to gracious and generous institution and individuals for assistance-indeed, reaching out and attending to people in need in these troubled times -whichever way we can.

We tender our heartfelt pranam.

Finally, we come to note with sadness that our very limited financial resources fall far short of what is required so badly at this point-in-time.

It is heartening to note, in this context, that M/s Smile Foundation together with its CSR sponsor, PEPSICO have come forward to provide relief in substantial measure to meet the basic, survival need for a whole month for at least a total no 300 such poorest of the poor families.

On strength of this support, we begin afresh our delivery of food items the details of which are hereunder:-
